clients  
give us a  
challenge  
and we  
deliver!***

## **Introducing Ice Systems & Supplies, Inc.**

---

*Ice Systems & Supplies, Inc. was founded in 1977. Our main objective has been to provide a reliable source of top quality equipment and supplies to the packaged and commercial ice industries. We greatly appreciate the continued support of our regular customers. We also welcome the growing number of new customers and business associates.*

*Our experienced field sales representatives are familiar with the unique problems of the iceman. Please allow us the opportunity to work with you in this modern, rapidly growing industry.*

*Sincerely,*

*W. L. Rockwell, Jr.  
President*

# ISSI

Ice Systems & Supplies, Inc.

[www.issionline.com](http://www.issionline.com)

*Simply  
the best!*

"ISSI is one of Hamer's premier service centers.  
Don Rockwell is one of the most experienced field  
technicians with our Form, Fill & Seal equipment."

— Roger Breisch, President, Hamer, Inc.

## **CUSTOM FABRICATION**

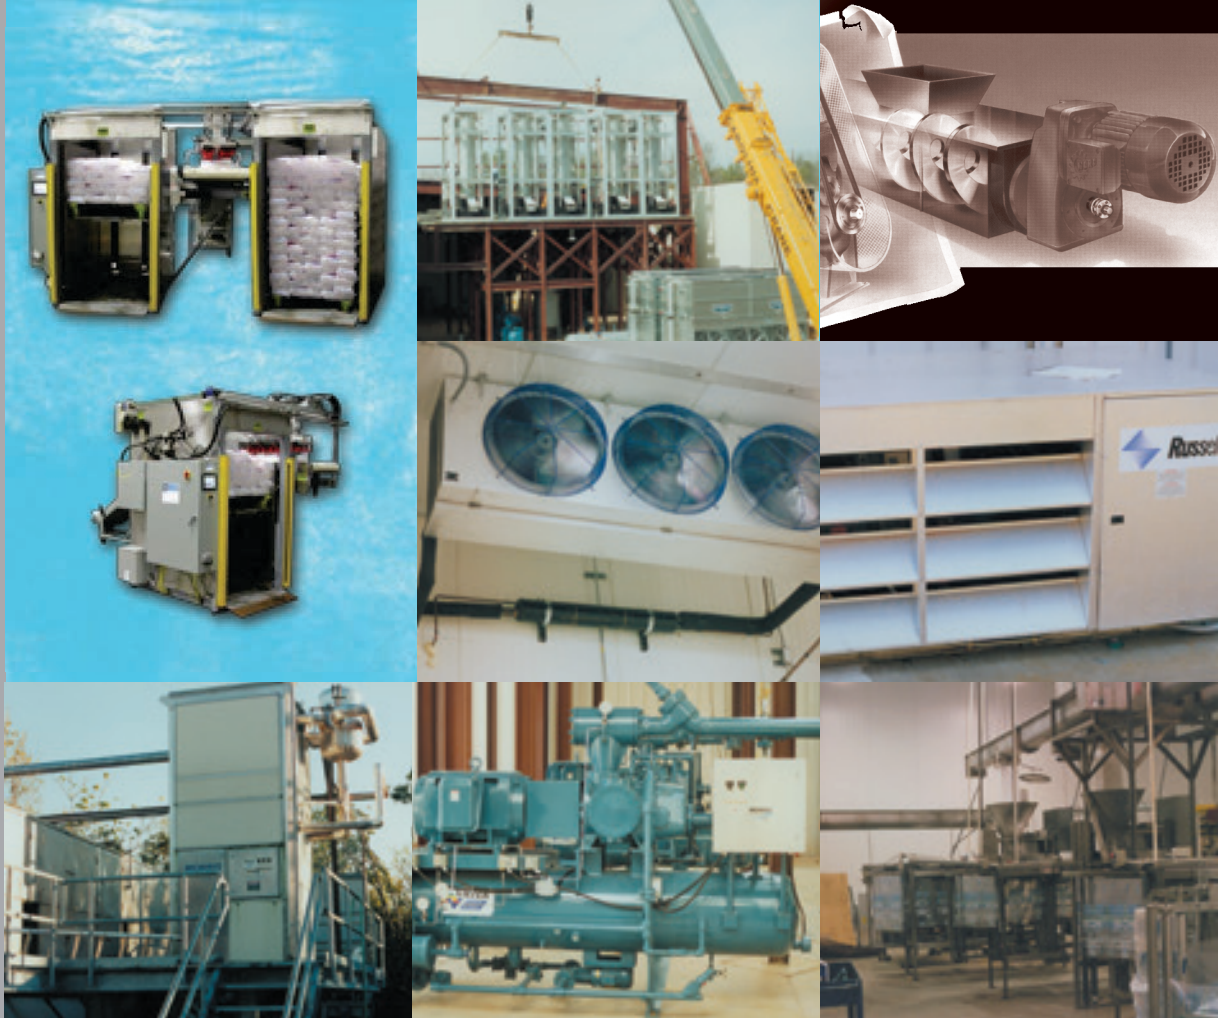

ISSI specializes in custom fabrication. Whether it is to design custom conveyors or fabricate a dewatering system, ISSI can meet your needs. We do in house and onsite steelwork and plastic fabrication. We have over 30 years experience in design and installation.

## TECHNICAL SUPPORT

ISSI has inside tech support that can help troubleshoot and answer questions. They have the knowledge to assist with electrical systems, refrigeration systems and general ice plant equipment problems.

**"We are flexible and responsive. Our clients make changes frequently, often in the middle of a project. We specialize in meeting those requirements."**

*— W. L. Rockwell, Jr., President*

*Advanced  
Technology!*

"Working with ISSI and Chip is a pleasure. Their parts knowledge and same-day service is a real help, especially during the busy summer season."

— Mark Resnick - City Ice Co. - Chester, VA

"I have worked with ISSI since 1977. I count on their advice and assistance in all aspects of my business, from equipment, layout and design to merchandisers and their expertise on plastic packaging."

— Archie Harris - Rose Ice and Coal - Wilmington, NC

"I can bag, stack and pack 21 pallets in 3 hours all by myself! thanks to my palletizer. I can now perfectly stack my pallets 3 high in my freezer. Over Memorial day I ran from 8:30 am until 6:30 pm without even stopping! This has been the missing piece of automation we have needed"

— Sal Barraco - Holiday Ice - Syracuse, NY

"We installed two palletizing systems to fully automate my 325 ton ice plant. The installation was quite a challenge during Memorial week with 90 degree temperatures in Chicago but ISSI was up to the task. The machines are running without a hitch. My entire production can now be handled by two men!"

— Bob Rustman - President - Jefferson Ice - Chicago, IL

## FOCUS ON SCREW CONVEYORS

Out with the old... AND INTO NEW TECHNOLOGY!

Traditional Drive Package	ISSI DRIVE PACKAGE
Speed Reducer only 1 ratio	SPEED REDUCER AND RATIOS
Top Mounted Motor	NOT NEEDED
Top Mount Platform	NOT NEEDED
